

EIGHTEENTH ANNUAL

Rustbelt RNA Meeting

October 14th -15th 2016

Cleveland Marriott Downtown
Cleveland, OH

**KEYNOTE SPEAKER &
DISTINGUISHED GUEST**

Dr. Melissa J. Moore

HHMI / University of Massachusetts

**Register at
<http://rustbeltrna.org>
beginning August 2016**

The conference will include a full schedule of plenary talks and poster presentations by undergraduate, graduate, and postdoctoral RNA researchers.

Presentation topics will include pre-mRNA processing, translational control, non-coding and catalytic RNA structure-function, RNA-protein interactions, and global analyses of gene expression.

Awards will be given for outstanding oral and poster presentations.

Travel fellowships available to outstanding URM trainees (please apply with registration).
